

## PREP-A-DINO PROGRAM

*We need you. Help us prepare real  
dinosaur fossils for display!*

Preparing dinosaur fossils involves patience, a good eye and a steady hand. Work undertaken in the Australian Age of Dinosaurs Fossil Preparation Laboratory includes the mechanical rediscovery of bones, restoration, repairs, consolidation of specimens, sieving, sorting of matrix for micro fossils and helping to put pieces of the dinosaur puzzle together.

### Packages include:

-  a guided tour of the Laboratory, Collection Room and Dinosaur Canyon
-  a work health and safety induction and training with a Museum technician
-  a copy of the latest Museum Journal (for new members)
-  a once-in-a-lifetime experience working with 95-million-year-old dinosaur fossils.

**To make a booking or to learn more, visit our website or contact  
our Laboratory team today.**
