DINOSAUR STAMPEDE NATIONAL MONUMENT

AT LARK QUARRY CONSERVATION PARK

Winton Queensland

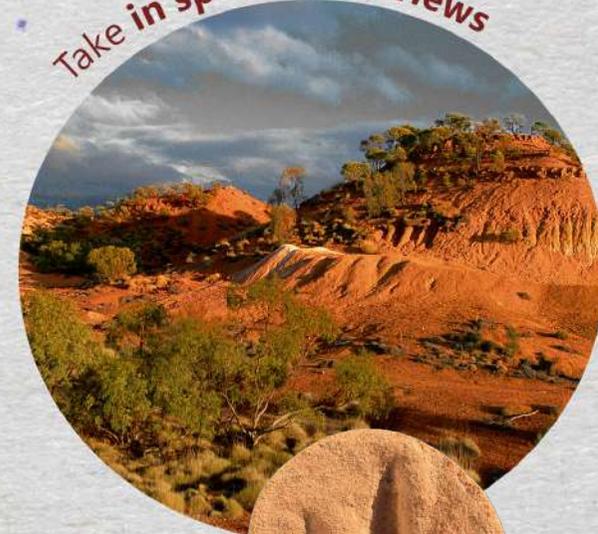

DINOSAUR STAMPEDE

The dinosaur trackways at Dinosaur Stampede National Monument were formed 95 million years ago when Outback Queensland was a vastly different place. A herd of at least 150 small two-legged dinosaurs, including carnivorous coelurosaurs about the size of chickens and slightly larger plant-eating ornithopods, came to drink at the edge of a lake. What happened next has been frozen in time across the rock face at Lark Quarry Conservation Park.

Discover the dinosaur stampede story

Take in spectacular views

Unique souvenirs available in the Trackways Shop

See over 3,300 footprints of at least 150 dinosaurs

THE WORLD'S ONLY KNOWN DINOSAUR STAMPEDE!

Experience world-class tours and enjoy a coffee at the Trackways Café

Enjoy fantastic walking trails

Lark Quarry Conservation Park is located 110km south-west of Winton. Allow two hours to travel from Winton to the trackways.
